

ROSALYNN CARTER

September 2006

To the Gynecologic Cancer Foundation

Congratulations on your success in having September declared Gynecologic Cancer Awareness Month. Each year, thousands of women are diagnosed with gynecologic cancers. Expanding public awareness about early detection and available treatments is essential in reducing the incidence of these deadly diseases. Thanks to your hard work, American women now will be reminded each year to take the necessary steps to protect their health. I applaud your dedication to improving our nation's well-being and thank you for all your efforts.

With best wishes,

Sincerely,

Rosalynn Carter
